

Belmont 4-on-4 Officiating Feedback Form

This form is intended to be the primary vehicle for relaying feedback about the officiating at Belmont Iceland Adult 4-on-4 league hockey games. The outcome of the game in question will not change based on this feedback. Rather, constructive criticism will be considered for future games. Keep in mind that consistently negative or abusive comments from the same individual will lose their impact over time. Positive feedback and compliments are also welcome.

Evaluation forms should be sent to your team captain, who will forward it on to the Iceland manager and league representatives. An anonymized version will be sent to the officials being evaluated.
